Welcome from the Sports Plus Family

You may already know what Sports Plus Scheme stands for by the strong reputation we have built over the past 19 years. This is why we want likeminded franchisees to continue the fantastic work we do and create long lasting positive effects on children all over the UK.

We are where we are today because of our commitment to the highest standards we provide to all of our clients, coupled with the drive and passion of all Sports Plus staff - it's in our DNA!

A franchise with Sports Plus Scheme requires a strict process and must be the right fit for us and also for you. However, we are here to make sure our business succeeds and that means that if you have the right credentials, we will make sure you do to!

We can offer you an unparalleled opportunity to make a superb living doing what you love to do, our values and ethos depends on it. We will supply you with the turn-key sports coaching business and bespoke training to maximise the potential of a Sports Plus franchise. It is a 'recipe for success' so that all you have to do is supply the drive and ambition.

There has never been a better time to join the Sports Plus family.

The Story of Our Success

It's our relentless attention to detail that makes us unique and the reason that so many of our clients recommend us to others. It's the foundation that underpins our winning formula and our recipe for success.

Our company was founded in 2001 and since then we have invested and improved our products and services to widen our offerings to schools. To meet the growing demand for our services, Chief Executive and founder, Andy Mulligan, decided in 2009 to begin franchising the successful Sports Plus network. Since then we have worked tirelessly to fine tune our business model and create a smooth transition for you from potential franchisee to a key part of the Sports Plus family.

You will be following a proven formula for success. Our more recent success has led to us moving our head office to a high street location to further prove our commitment to maintaining a presence in the local community. Sports Plus is a national company with local values. The business also boasts an executive box at Aston Villa FC which we often use to conduct interviews and promote the Sports Plus brand to enhance our strong working relationships.

Ashley Field - West London

When I moved to West London I started my own business and soon realised what a hard industry it is to break into. So, when the opportunity came up to work with Sports Plus I jumped at the chance, and my business is going from strength to strength. With the support given to me in areas I require development, it has grown my confidence to develop a successful franchise. I'm looking at a bright future and it's all down to my decision to join Sports Plus Scheme.

Sam Andrews - Bristol & Gloucestershire

Growing a franchise with Sports Plus has allowed me to work in the industry I am passionate about whilst also allowing me to run my own business. Being able to work closely with the franchise development staff at head office gives us a huge advantage. They've helped my business grow by supporting with things such as recruitment, school referrals and keeping up to date with current staff information, allowing me to focus on growing my business. It's the perfect balance of owning a business with the safety net of a proven franchise model to follow.
